

PARTIAL WEDDING PLANNING

For couples who wish to lead their own planning journey — with expert guidance ensuring every detail is considered.

Our Partial Planning service is ideal for those who have the time and vision to plan their wedding, but value professional direction, trusted recommendations, and seamless execution on the day itself. You remain in control, while we provide structure, clarity, and confidence at every stage.

We believe exceptional weddings are built long before the wedding day. Rather than offering simple “day-of” coordination, we step in early to help you create a thoughtful, strategic plan — one that we will execute flawlessly when it matters most.

Because while surprises can be delightful, your wedding logistics should never be one of them.

Your experience includes:

- Access to our professional planning platform, Aisle Planner
- A comprehensive, custom wedding day timeline
- Full planning checklist to keep you organized and on schedule
- Four strategic planning meetings:
 - An onboarding session to establish direction, vendor recommendations, floor plan guidance, and timeline structure
 - A midpoint review to maintain momentum
 - A flexible check-in meeting to address emerging questions
 - A detailed final review one month before your wedding
- Week-of vendor confirmations and logistics management
- Ceremony rehearsal coordination
